ITEM 10  GLOSSARY OF TERMS

ACTUAL PLACEMENT: When a car is placed in an accessible position for loading or unloading, or at a point designated by the consignor or consignee or party loading or unloading the car.

ASSIGNED CARS: The assignment of cars to a given shipper at a specific location as defined in Car Service Rule 16 and Car Hire Rule 22 as published in the Official Railway Equipment Register.

ASSIGNEE: A shipper who has requested and has been assigned specific cars.

AVERAGE AGREEMENT: A written agreement between ARS and the party responsible for demurrage or storage charges providing for an offset of car detention debits with credits on a monthly basis.

BROKER: An agent or intermediary negotiating the buying or selling contents of car, other than consignor or consignee.

BUNCHING: The accumulation of cars for loading or unloading shipped on different days.

CALENDAR MONTH: Defined as 7:01 AM from the first day of one calendar month through 7:01 AM of the first day of the following calendar month.

CALENDAR YEAR: Defined as 7:01 AM January 1st of one year through 7:01 AM January 1st of the following calendar year.

CAR ORDER WANT DATE: The date for which customer requested car for loading.

CHARGEABLE DAY: A twenty-four (24) hours period or fraction thereof for which a charge assessed pursuant to this Tariff can be assessed.

CHARGEABLE DEBIT: Chargeable debits are the difference between the debits applied to a car minus any applicable credits.

CLOSING EVENT: The event in a car cycle that closes the cycle and results in computation of time and charges.

CONSIGNEE: The party designated on the bill of lading as the entity entitled to receive delivery of the car from the carrier.

CONSIGNOR: The party designated on the bill of lading as the entity which has caused the car to be consigned into transportation.

CONSTRUCTIVE PLACEMENT: When a car, including order notify and in-bond shipments, cannot be actually placed or delivered because of any condition attributable to the consignee, consignor, loader or unloader, such car will: (a) be held on ARS tracks and notice will be sent or given to the party entitled to receive notification that the car is held awaiting disposition instructions; (b) have been placed by ARS on private or other than public delivery tracks, including lead tracks serving the consignee, consignor, loader or unloader, will be considered constructively placed without notice.

CONSTRUCTIVE PLACEMENT TIME: The time from constructive placement until a car is actually placed.

CREDIT: Offset of a chargeable day. Credits can be earned only on those cars released from demurrage. Demurrage day must occur to earn a credit.

DEBIT: See description of term for Demurrage Day.

DEMURRAGE DAY: A twenty-four (24) hour period, or fraction thereof, commencing at the first 7:01 AM after tender, as defined in this Item, may also be referred to as “Debit.”

DESTINATION: Billing destination, or if such destination is serviced by a terminal yard, then such terminal yard will be considered as the destination.
**DISPOSITION:** Information, including forwarding instructions and/or release, which allows the railroad to either Tender, as defined in this Item, or release the car from the consignor’s, consignee’s, loader’s, or unloader’s account.

**DIVERSION:** An order from the consignor or consignee to deliver car(s) to other than the original billed destination.

**EMPTY CARS ORDERED AND NOT USED:** Empty cars ordered, placed or constructively placed for loading and not used in transportation service.

**EMPTY RELEASE INFORMATION:** Advice from consignee and/or unloader, given to authorized personnel of ARS, electronically or in writing, that car is unloaded and available to ARS. Information given must include identity of consignee, and/or unloader, party furnishing the data, car initial, number, date and time. Release will be effective on date and time advice is received by ARS.

**FORWARDING INSTRUCTIONS:** A bill of lading, or other suitable instructions, given to authorized personnel of ARS, electronically via EDI billing, via email to Dataentry@watcompanies.com or in writing via fax to 1-866-413-5160 (for fees on faxes, please review WTS 9011-Series) that contains all of the necessary information which allows for the immediate movement by ARS.

Advice received by ARS to move a car from a shipper’s loading or storage track to ARS’ yard or hold track to be held for “forwarding instructions”, whether furnished by the party loading car or another party, or a bill of lading or an order consigning the car to an Agent of ARS which has no beneficial interest in the lading, does not constitute “forwarding instructions” or a release from demurrage.

A bill of lading, or other suitable order, covering car(s) requiring clearance from all carriers in the routing will not constitute ‘forwarding instructions’ until clearance is received from all carriers in the routing.

**IDLER CAR:** An empty car used to protect overhanging loads, or used between cars loaded with long material.

RELEASE: The notification received from loader or unloader that loading or unloading of a car has been completed and car is available for movement and forwarding instructions have been received, if applicable. Date and time that ARS receives forwarding instructions and advice that a car is available for movement and from non-credit customers, upon payment of any charge due. Cars placed on industrial interchange tracks of a industry doing it’s own switching, including those tracks of an industrial switch line acting as Agent of industry, will be removed from track and considered received and held for disposition as provided in this Tariff. Cars found to be improperly loaded at origin will not be considered released until the load has been properly adjusted and clearance has been obtained. When a car is unloaded and then reloaded, empty release information must be furnished. If not furnished, demurrage will be continuous until forwarding instructions are received. Loaded or empty or private cars released and pulled from private tracks, which must first be held on railroad track awaiting forwarding instructions, are subject to demurrage/storage provisions and charges as provided in this Tariff.

RUN AROUND: Car(s) that is placed ahead of previous arrivals.

SHIPPER CONNECT: Online utility that allows user to manage their inventory while online as well as release of empty railcars. Contact RMI Administrator with questions at (866) 889-2826 or email RMIHelpDesk@watcocompanies.com.

SPOT ON ARRIVAL CUSTOMER: A customer who has not requested to be an Order In Customer will be considered a Spot On Arrival Customer (see Spot on Arrival). ITEM 20  PAYMENT TERMS

Charges that accrue per this Tariff are due and payable according to ARS’ payment terms, as stated in WTS Rules Publication 9011-Series, supplements thereto and successive issues thereof, whichever is applicable.

ITEM 30  SECURITY DEPOSITS FOR PAYMENT OF DEMURRAGE CHARGES

ARS has the right to demand that a rail customer (consignor, consignee or other party responsible for the payment of demurrage), with a history of delinquency or nonpayment of demurrage charges not in bona fide dispute, deposit with ARS money or security adequate to pay an average monthly demurrage bill calculated over the past six months or $500/per car deposit (lesser of the two amounts). (1) The deposit may be satisfied with cash, letter of credit, surety bond or other appropriate instrument. ARS will determine the suitability of the security tendered. (All instruments on deposit are hereinafter referred to as ‘security”).

If a demurrage bill not in bona fide dispute is not paid when due, immediately thereafter ARS will satisfy the bill by application against the security on deposit. Thereafter, the rail customer will be required to reinstate the value of the security to its former level or to another level equivalent to its average monthly demurrage charge.

Should demand be made upon a rail customer for the deposit or maintenance of security as heretofore stated and should the rail customer refuse or fail to so deposit or maintain the security, ARS may refuse to provide any further rail service until the deposit requirement is fulfilled. If service is refused, ARS will issue an embargo against all rail transportation by ARS to and from that rail customer.

No interest will be paid by ARS on any security deposited with it. It is within the discretion of the ARS to determine when creditworthiness of the rail customer no longer necessitates the imposition of a security deposit. If rail service to the customer is permanently discontinued, upon satisfaction of all demurrage bills the security on deposit will be released and returned.

New rail customers will be required to deposit security equal to an anticipated average monthly demurrage bill.
