**BROKER:** An agent or intermediary negotiating the buying or selling contents of car, other than shipper or consignee.

**BUNCHING:** The accumulation of cars for loading or unloading shipped on different days. Since SRRR does not control the flow of inbound cars from connecting railroads, no allowance can be made in demurrage charges.

**CALENDAR MONTH:** Defined as 12:01 AM from the first day of one calendar month through 12:01 AM of the first day of the following calendar month.

**CALENDAR YEAR:** Defined as 12:01 AM January 1<sup>st</sup> of one year through 12:01 AM January 1<sup>st</sup> of the following calendar year.

**CAR ORDER WANT DATE:** The date for which customer requested car for loading.

**CLOSING EVENT:** The event in a car cycle that closes the cycle and results in computation of time and charges.

**CONSIGNEE:** The party designated on the bill of lading as the entity entitled to receive delivery of the car from the carrier.

**CONSIGNOR or SHIPPER:** The party designated on the bill of lading as the entity which has caused the car to be consigned into transportation.

**CONSTRUCTIVE PLACEMENT:** When a car, including order notify and in-bond shipments, cannot be actually placed or delivered because of any condition attributable to the consignee, shipper, loader or unloader, such car will: (a) be held on SRRR tracks and notice will be sent or given to the party entitled to receive notification that the car is held awaiting disposition instructions; (b) have been placed by SRRR on private or other than public delivery tracks, including lead tracks serving the consignee, shipper, loader or unloader, will be considered constructively placed without notice.

**CONSTRUCTIVE PLACEMENT TIME:** The time from constructive placement until a car is actually placed.

**DEMURRAGE:** Demurrage is a charge for detaining a railcar. Railroads charge demurrage as an incentive for customers to load and unload cars promptly, to prevent congestion in railroad terminals caused by idle cars, and ultimately to improve the utilization of a valuable asset.

**DESTINATION:** Billing destination, or if such destination is serviced by a terminal yard, then such terminal yard will be considered as the destination.

**DISPOSITION:** Information, including forwarding instructions and/or release, which allows the railroad to either Tender, as defined in this Item, or release the car from the shipper's, consignee's, loader's, or unloader's account.

**DIVERSION:** An order from the shipper or consignee to deliver car(s) to other than the original billed destination.

Advice received by SRRR to move a car from a shipper's loading or storage track to SRRR' yard or hold track to be held for "forwarding instructions", whether furnished by the party loading car or another party, or a bill of lading or an order consigning the car to an Agent of SRRR which has no beneficial interest in the lading, does not constitute "forwarding instructions" or a release from demurrage or other like charges.

A bill of lading, or other suitable order, covering car(s) requiring clearance from all carriers in the routing will not constitute "forwarding instructions" until clearance is received from all carriers in the routing.

**FREE TIME:** The time allowed for the unloading or loading of cars.

**IDLER CAR:** An empty car used to protect overhanging loads, or used between cars loaded with long material.

**INTER-TERMINAL SWITCHING:** A switching movement (other than intra-plant and intra-terminal switching) between an industrial track or team track on the tracks of SRRR and an industrial track or team track on connecting lines on traffic having origin and destination within the same switching limits of the same station or industrial switching district. Charges of connecting carriers will be in addition to charges provided herein.

**LEASED TRACK:** A track leased to a user through a written lease agreement and is considered the same as a private track for demurrage purposes.

**LINE-HAUL:** Movement between stations that are not located within the switching limits of the same station. Movement between stations located within the switching limits of the same station will be considered Line-haul when customer is not listed as open to reciprocal switching or when movement occurs from or to a leased track.

SRRR will provide reciprocal switching only to or from SRRR customers (see Section IV of this tariff).

**RECONSIGNMENT:** Any order from the shipper to bill a car to other than the original destination. (An order to turn over the car to another party, that does not require an additional movement of the car, is not a reconsignment).

**REFUSED LOADED CAR:** An original loaded car refused at destination without being unloaded.

**RELEASE:** The notification received from loader or unloader that loading or unloading of a car has been completed and car is available for movement and forwarding instructions have been received, if applicable. Date and time that SRRR receives forwarding instructions and advice that a car is available for movement and from non-credit customers, upon payment of any charge due. Cars placed on industrial interchange tracks of a industry doing its own switching, including those tracks of an industrial switch line acting as Agent of industry, will be removed from track and considered received and held for disposition as provided in this Tariff. Cars found to be improperly loaded at origin will not be considered released until the load has been properly adjusted and clearance has been obtained. When a car is unloaded and then reloaded, empty release information must be furnished. If not furnished, demurrage will be continuous until forwarding instructions are received. Loaded or empty or private cars released and pulled from private tracks, which must first be held on railroad track awaiting forwarding instructions, are subject to **demurrage/storage** provisions and charges as provided in this Tariff.

If constructive placement of a car is necessary, the car will not be placed for loading or unloading until SRRR has received an order for placement from the Spot on Arrival Customer.

**STRAIGHT DEMURRAGE:** Straight demurrage rules provide for an allowance of a definite period, called "free time," for the loading or unloading of cars and for a definite charge by the day for all cars held beyond that period.

Charges that accrue per this Tariff are due and payable as stated in ITEM 120 of the WTS Rules Publication 9011-Series.

**ITEM 30**      **SECURITY DEPOSITS FOR PAYMENT OF CHARGES**

SRRR has the right to demand that a rail customer (SRRR served shipper, SRRR served consignee or other SRRR served party), with a history of delinquency or nonpayment of freight, demurrage or other charges not in bona fide dispute, deposit with SRRR money or security adequate to pay an **average monthly invoiced services calculated over the past six months or a per car fee based on potential services**. (1) The deposit may be satisfied with cash, letter of credit, surety bond or other appropriate instrument. SRRR will determine the suitability of the security tendered. (All instruments on deposit are hereinafter referred to as "security")

If an SRRR invoice not in bona fide dispute is not paid when due, immediately thereafter SRRR will satisfy the bill by drawing against the security on deposit. Thereafter, the rail customer will be required to reinstate the value of the security to its former level or to another level equivalent to its average monthly invoiced services or per car fee based on potential services.

Should demand be made upon a rail customer for the deposit or maintenance of security as heretofore stated and should the rail customer refuse or fail to deposit or maintain the security, SRRR may refuse to provide any further rail service until the deposit requirement is fulfilled. If service is refused and rail customer is the subject of congestion, SRRR will issue an embargo against all rail transportation by SRRR to and from that rail customer, so long as congestion exists or otherwise continues. In short, carriers may issue and maintain the embargo while the congestion exists, irrespective of rail customer compliance or non-compliance with the Security Deposit provisions in this Item.

No interest will be paid by SRRR on any security or monies deposited with it. It is within the discretion of the SRRR to determine when creditworthiness of the rail customer no longer necessitates the imposition of a security or deposit. If rail service to the customer is permanently discontinued, upon satisfaction of all invoiced bills the security on deposit held by SRRR will be released and returned.
